

JVS-60W20AH-P12

CCTV Solar Power System

Features

- Quick Mounting Bracket
- Anti Over Charge
- Anti Over Discharge
- Intelligent Adjustment and Charging

Specifications

Solar Panel	
Type	Single Crystal Silicon
Peak Power	60W
Frame Material	High Quality Aluminum Alloy
Operating Voltage	18-22V
Conversion Efficiency	22%
Dimensions	670xx530mm
Operating Temperature	-40°C ~ 85°C
Battery	
Battery Capacity	20AH
Type	Three-way Lithium Battery
Voltage	12V
Charge And Discharge Times	>1500
Operating Temperature	-40°C ~ 85°C
Charge Controller	Photovoltaic Intelligent Control
Charging Current	10A
Charging Voltage	12V
Functions	Anti Over Charge, Anti Over Discharge, Intelligent Adjustment and Charging
Service Time	2.5~3 Day
